### 4/3/07 Field work / Research

Harry had met Andrew Hoane now working with Carlisle Art College. Andrew may be involved in fieldwork in the Eden Valley. It was agreed that contact should be maintained.

Martin R spoke of the potential for fieldwork on Brackenber Moor. The group had explored the castle hill settlement at Flakebridge in 1998 and plotted earth works at Brackenthwaite in 2000 but nothing has been done since then. It was agreed that a visit to the area would be part of the summer programme to interest and inform members. It was felt that a location so near Appleby would be an advantage. Martin R will check any records.
